

# BALAKIRUSHNAN JASHVANTH

## SOFTWARE ENGINEERING UNDERGRADUATE

- Phone: +94 77 943 0824
  - Email: [balakirushnanjashvanth@gmail.com](mailto:balakirushnanjashvanth@gmail.com)
  - Address: Colombo
- GitHub: [Jashvanth](#)
  - LinkedIn: [Balakirushnan Jashvanth](#)
  - LeetCode: [Jashvanth](#)

### Profile Summary

Enthusiastic and results-driven third-year Software Engineering undergraduate with a passion for designing and developing innovative, real-world software solutions. Proficient in full-stack development, object-oriented programming, and problem-solving. Known for delivering high-quality, efficient, and scalable applications with strong attention to detail. Eager to apply technical skills, collaborate on impactful projects, and gain hands-on industry experience in software development and engineering.

### Education

- Bachelor of Science (Honours) in Software Engineering**  
University of Kelaniya  
Current GPA: 3.5500

Jul 2023 - Present
- General Certificate of Education (Adv. Level) Examination**  
BT / KK / Chenkalady Central Collage  
Information Communication Technology: A | Physics: A | Combined Mathematics: B  
Z-Score: 2.0101

Jun 2019 - Jan 2022

### Technical Skills

- **Programming languages:**  
JavaScript, Java, PHP, C
- **Frameworks & Technologies:**  
Spring Boot, React.js, Node.js, Express.js, Bootstrap
- **Databases:**  
MySQL, MongoDB
- **Cloud Services:**  
Amazon Web Services (AWS)
- **Version Controls:**  
Git, GitHub

### Soft Skills

- Problem-solving
- Analytical thinking
- Team collaboration
- Adaptability to new technologies
- Effective communication
- Troubleshooting and issue resolution
- Multi-tasking
- Critical thinking
- Time management
- Attention to detail

### Certificates

- Full Stack Developer Certification – HackerRank, 2025
- SQL (Basic) Certificate – HackerRank, 2025
- Become a Full-Stack Web Developer – LinkedIn Learning, 2025
- Web Design for Beginners – University of Moratuwa, 2025

### Project Experience

- Hotel Management System (Individual Project)**

Mar 2025 - Apr 2025
- Engineered a dynamic hotel reservation platform featuring real-time room availability, secure online payments, and automated room assignment. Enabled efficient guest profile management and multi-room type selection. Prioritized mobile responsiveness and intuitive UI to streamline operations and elevate the guest experience.
  - **Tech Stack:** React, Spring Boot, MySQL, Stripe, Spring Security, JWT Authentication, AWS Cloud
  - [Source Code](#)
  - [Demo Video](#)

### Import Export System (Individual Project)

Feb 2024 - Mar 2024

- Architected a web-based trade platform to facilitate seamless international transactions between exporters and importers. Exporters could manage product listings, process orders, and oversee shipments via an interactive dashboard. Importers accessed real-time tracking, order placement, and product discovery tools. Integrated secure JWT-authenticated REST APIs and role-based permissions to ensure data integrity and efficient communication.
- **Tech Stack:** React, Spring Boot, MySQL, Spring Security
- [Source Code](#)
- [Demo Video](#)

### QR-Based Fuel Management System (Group Project)

Nov 2024 - Mar 2025

- Designed a QR-enabled fuel distribution system to control fuel allocation during the COVID-19 crisis. Implemented real-time QR validation, vehicle registration tracking, and automated weekly quota enforcement. Developed a secure admin dashboard for monitoring, reporting, and regulatory control. Leveraged RESTful APIs and role-based access to maintain secure and scalable operations across fuel stations.
- **Tech Stack:** React, Spring Boot, MySQL, RESTful API
- [Source Code](#)
- [Demo Video](#)

### Online Liquor Store Platform (Group Project)

Oct 2024 - Apr 2025

- Developed a responsive e-commerce solution for purchasing alcoholic beverages online. Delivered advanced features including product filtering, cart and order management, secure checkout, and real-time inventory tracking. Emphasized scalable architecture, seamless navigation, and robust payment integration to enhance the end-to-end shopping experience.
- **Tech Stack:** PHP, HTML, CSS, JavaScript, MySQL, Stripe, Responsive Design
- [Source Code](#)
- [Demo Video](#)

### Volunteering Experience

- |                                                                                       |                |
|---------------------------------------------------------------------------------------|----------------|
| • School Prefect, <b>BT/KK/Chenkalady Central Collage</b>                             | 2019 - 2021    |
| • Member of Open-Source Software Community, <b>University of Kelaniya</b>             | 2024 - Present |
| • Member of Software Engineering Student's Association, <b>University of Kelaniya</b> | 2023 - 2024    |
| • Batch Coordinator of the Tamil Student Association, <b>University of Kelaniya</b>   | 2023 - 2024    |
| • Member of IEEE Club, <b>University of Kelaniya</b>                                  | 2023 - 2024    |

### Achievements

HackerRank Badges: Problem Solving, Java, SQL, C

[View Badges](#)

### Languages

- English (work proficiency)
- Tamil (native)
